

Dong-A University Hospital (DAMC) / Medical Center

Introduction:

All **Dong-A University Medical Center** facilities offer dedicated medical services under **the slogan 'Dong-A University Medical Center with Care and Humanitarianism'**

Dong-a University hospital opened in **March 1990**, based on faith, service, and philanthropy, providing accurate diagnoses and efficient treatment with cutting-edge facilities and high-tech medical equipment.

It improves health and welfare, and operates a disease control program jointly with the medical college, leads high-level clinical medical studies, and nurtures superior medical talent. The center also delivers **the latest medical technologies and information** to local medical organizations as an academic medical institute.

The 21st century is a period of globalization and information knowledge management. Dong-a university hospital has operated clinics for the **Busan Asian Games** and the **Korea-Japan World Cup** as part of its efforts to internationalize and expand its mission and the role of its medical institutes. It copies dedicated to addressing new opportunities in medical market expansion. It is working on hospital facility expansion, and on attaining a fully modernized suite of medical devices, expanding projects supporting the newest medical education and studies, and offering premium service to patients. To the center is striving to become a world-class hospital in Busan, **Korea's gateway city**, to meet both **local needs** as well as **global trends**.

Location: (Address):

Dong-A Univ. Medical Center

26 **DAESINGONGWON-RO, SEO-GU, BUSAN, 49201** KOREA

Hospital Hours:

Visiting Hours -

Outpatient Treatment

- **Reception: 08:00am ~ 16:30** (weekdays)
- **Consultation time: 10:00am ~ 16:00**

★ **DAMC Health promotion center / Check up programs**

The appointed day check-up

- **Black (Premium)** – Cost: Male – 4,400,000 KRW / Female - 4,500,000 KRW

- **Purple (Specialized)** – Cost: Male - 1,600,000 KRW / Female - 1,900,000 KRW
- **Red (Basic)** – Cost: Male – 820,000 KRW / Female – 1,100,000 KRW

Detailed check up

- Oncology – Cost: M 2,900,000 KRW / F 3,100,000 KRW
- Cerebrovascular – Cost: M 2,100,000 KRW / F 2,300,000 KRW
- Spine – Cost: M 1,850,000 KRW / F 2,050,000 KRW
- Cardiac and Pulmonary – Cost: M 1,800,000 KRW / F 2,000,000 KRW
- Junior – Cost: 700,000 KRW

Hospitalization check up

** **Dong-A Signature** – Cost: M 12,000,000 KRW / F 12,000,000 KRW

** **Crystal** – Cost: M 7,000,000 KRW / F 7,200,000 KRW

** **Platinum** – Cost: M 5,600,000 KRW / F 5,800,000 KRW

Additional tests # ~~~~~

The appointed day check-up

Black (Premium)

M 4,400,000 KRW / F 4,500,000 KRW

Neurology tests

Brain **MRI**+brain vessels **MRI**, transcranial doppler of carotid arteries

Gastroenterology tests

Abdominal and pelvic CT scan (with **contrast**)

Pulmonary tests

Lungs CT scan

Cardiology tests

Coronary arteries calcification CT scan, heart variation test (**stress test**) /

heart ultrasound or continuous heart monitoring test (1 test for choice)

Male tests

Prostate ultrasound

Endocrine system

Thyroid ultrasound

Blood test

Hepatitis B detailed screening

Purple (Specialized)

I

M 1,600,000 KRW / F 1,900,000 KRW

Blood tests

- **Coagulation tests**

Coagulation test, cardiovascular markers (**6 types**), hormone test (**IGF-1**), **male** hormones, **female** hormones, anemia

- **Gastroenterology tests**

Colonoscopy (with sedation) or colon cancer test (early test) (1 test for choice)

- **Cardiology test**

Arteriosclerosis test

- **Female test**

Transvaginal **ultrasound**

Choice of screening tests: (1 type of CT scan) brain CT (with contrast), low-dose chest CT, abdominal and pelvic (with contrast), coronary arteries calcification

- **(biopsy cost** for gastroscopy / colonoscopy is included in the rate)

Red (Basic)

I M 820,000 KRW / F 1,100,000 KRW

- **Physical examination**

Height, weight, body fat analysis

- **Basic examinations**

Ophthalmology (fundoscopic exam, tonometry, visual activity), audiometry, **stool** analysis, **urine** analysis

- **Blood tests**

Liver function, pancreatic enzyme test (**2 types**), hepatitis screening (hepatitis **A, B, C**), lipid profile, diabetes, electrolytes, calcium-regulating hormone, renal functions, tumor markers (liver cancer, colon cancer, prostate cancer (**m**), ovarian cancer (**f**), pancreatic cancer, lung cancer), blood grouping, serologic tests (syphilis, **AIDS**), complete blood count

- **Cardiology tests**

Blood pressure, electrocardiogram, cardiovascular markers (**2 types**)

- **Pulmonology test**

Chest X-ray

- **Gastroenterology tests**

Gastroscopy (with **sedation**), Helicobacter **pylori** test (additional rate in case of gastroscopy **biopsy**), abdominal **ultrasound**

- **Endocrine system**

Thyroid function (**blood tests**)

- **Female tests**

Mammography, breast ultrasound, liquid-based cervicovaginal cytology, HPV (human **Papillomavirus**) test

- **Bone system tests**

Bone density test, vitamin **D**, **osteoporosis** blood marker

- **Common health**

Biological age

Detailed check up

Oncology

M 2,900,000 KRW / F 3,100,000 KRW

Red + PET-CT, colonoscopy (with sedation) or colon cancer test (early tect) 1 test for choice, abdominal and pelvic CT scan (with contrast), coagulation test, thyroid ultrasound, prostate ultrasound (m), transvaginal ultrasound (f)

Cerebrovascular

M 2,100,000 KRW / F 2,300,000 KRW

Red + Brain MRI + Brain vessel MRI + Carotid MRI (with contrast), detailed vascular disease blood test

Spine

M 1,850,000 KRW / F 2,050,000 KRW

Red + Spine MRI, X-ray (cervical, lumbar spine)

Cardiac and pulmonary

M 1,800,000 KRW / F 2,000,000 KRW

Red + Heart ultrasound, cardiac CT scan (with contrast), treadmill test, low-dose chest CT scan, arteriosclerosis, detailed cardiac blood tests, microalbuminuria test

Junior

700,000 KRW

Red (excluding gastroscopy) + Growth plate X-ray, blood tests (anti-rubella/allergy), microalbuminuria test

- Sedation and biopsy cost for gastroscopy is included in the rate

Hospitalization check up

Dong-A Signature

M 1,200,000 KRW / F 12,000,000 KRW

For all questions, please contact the coordinator

Crystal

M 7,000,000 KRW / F 7,200,000 KRW

- **Cardiology tests**

Cardiac **CT scan** (with **contrast**), contrast **heart monitoring** test, heart **ultrasound**

- **Bone system tests**

Spine **MRI, X-ray** (cervical spine)

Platinum

M 5,600,000 KRW / F 5800,000 KRW

- **Physical examination**

Height, weight, body fat analysis

- **Basic examinations**

Ophthalmology (fundoscopic exam, tonometry, visual acuity), audiometry, **stool** analysis, **urine** analysis

- **Blood tests**

Liver function, pancreatic enzyme test (**2 types**), hepatitis **screening** (hepatitis **A, B, C**), lipid profile, diabetes, electrolytes, **calcium**-regulating **hormone**, renal functions, tumor **markers** (liver cancer, colon cancer, prostate cancer (**m**), ovarian cancer (**f**), pancreatic cancer, lung cancer), blood **grouping**, serologic tests (syphilis, **AIDS**), complete blood count, coagulation test, anemia, hormone test (**IGF-1**), **male** hormones, **female** hormones, **hepatitis B** detailed screening

- **Cardiology tests**

Blood pressure, electrocardiogram, arteriosclerosis, cardiovascular **markers (6 types)**, heart variation test (**stress-test**), **Cardiac CT scan (with contrast) /**

heart ultrasound/continuous heart monitoring test (1 test for choice)

- **Pulmonology test**

Chest **X-ray**, low-dose chest **CT scan**

- **Neurology tests**

Brain **MRI** + brain vessels **MRI** + carotid **MRI** (with **contrast**),

Transcranial doppler of carotid arteries

- **Gastroenterology tests**

Gastroscopy, colonoscopy (**sedation** and **biopsy costs** are included in the rate),

Helicobacter **pylori** test, abdominal **ultrasound**, abdominal and pelvic **CT scan** (with **contrast**)

- **Endocrine system**

Thyroid **ultrasound**, thyroid functions (**blood tests**)

- **Oncology tests**

PET-CT / abdominal (pancreas) MRI (with contrast) (1 test for choice)

- **Male – Female tests**

Prostate ultrasound (**m**), mammography (**f**), breast ultrasound (**f**), transvaginal

ultrasound (f), liquid-based cervicovaginal cytology, HPV (human **Papillomavirus**) test

- **Common test**

Biological age

- **Bone system tests**

X-ray (cervical spine), **bone density test**, vitamin **D**, **osteoporosis** blood marker

- **Possibility to complete the program within 1 day (without hospitalization)**

Additional tests

Main Category	Kind of Test	Price (KRW)
Magnetic Resonance Imaging (MRI)	Brain MRI + brain vessels MRI	876,000
	Brain MRI + brain vessels MRI + carotid MRI (with contrast)	1,164,000
Ultrasound Imaging	Breast Ultrasound	240,000
	Thyroid Ultrasound	180,000
	Prostate Ultrasound	180,000
	Transvaginal Ultrasound	180,000
	Transcranial doppler of carotid arteries	180,000
	Heart Ultrasound	240,000
Computed Tomography Scan (CT)	Coronary arteries calcification	240,000
	Low-dose chest CT	180,000
	Brain CT (with contrast)	300,000
	Abdominal and pelvic (with contrast)	300,000
	Cardiac CT scan (with contrast)	360,000
Oncology	PET-CT scan	1,200,000
Endoscopy	Colonoscopy	180,000
	Sedation (colon)	120,000

Genetic Testing	Oncology I (10 types)	240,000
	Oncology II (12 types)	240,000
	Oncology I+II (22 types)	420,000
	Common illnesses I (m 27 types types/f 28 types)	240,000
	Common illnesses II (m 32 types/f 32 types)	240,000
	Common illnesses I+II (59 types)	420,000
	Complex I (135 types)	2,400,000
	Complex II (91 types)	1,200,000
	Complex III (81 types)	600,000

Others	Continuous heart monitoring test	300,000
	Continuous glucose monitoring test	216,000
	Bone density test	96,000
	Arteriosclerosis test	96,000
	Stress test	96,000
	Allergy test (MAST-1)	180,000
	Colon cancer test (early tect)	216,000
